Formula 1 is the highest class of single-seater auto racing competition. Many countries held the F1 grand prix and each of them has special circuit and pit lane for the high class event. Azerbaijan Grand Prix is a Formula 1 motor race which has been held for the first time in 2017. It took place on the Baku City Circuit, a street circuit in Baku, in the capital of Azerbaijan. A lap of the circuit is 6.003 km, making it the second-longest circuit on the Formula 1.

Telecom Invest provided the Formula 1 Azerbaijan Grand Prix with Motorola Solutions products and services. Simultaneously, Training the people in need of Motorola Solutions equipment and the way of using the high technologies also was carried out by Telecom Invest. As a partner of Motorola Solutions, during the Formula 1 race, we provided them with the high level of services, Tetra radios and accessories.
